Refurbishing and reimagining is the new 'new' at Annington's Sovereign Gate

Purchasing a newly refurbished apartment at **Annington's Sovereign Gate** offers buyers an eco-friendly, cost-effective and hassle-free way to buy your next home

Annington is set on reducing the carbon footprint of housing delivery by refurbishing homes, as it has been revealed that the construction sector is responsible for 15% of all UK carbon emissions.

With the help of energy efficient refurbishments at the apartments at Sovereign Gate, such as new windows and boilers and improved insulation, Annington has buyers covered to make moving home as environmentally and economically sustainable as possible.

Annington's refurbished homes provide a fantastic balance between purchasing a brand-new apartment and buying a pre-owned property on the open market.

In the much sought after area of Brompton, Sovereign Gate is tucked away on Khyber Road.

The development offers a variety of two-bedroom apartments which have been extensively refurbished with a fresh new look including brand new contemporary kitchens, modern bathrooms and flooring throughout.

Each apartment is designed to last and features a spacious living room, kitchen, bathroom and two bedrooms, all the rooms provide a fresh canvas, ready for buyers to make their own.

“We know moving home can be an extremely challenging time, so when we refurbish our homes, we like to do the heavy lifting ourselves,” says Louise Saunders, Sales & Marketing Manager at Annington.

"Sovereign Gate is certainly no exception, our future homeowners will be able to open the door to their new home and start getting settled straight away. Annington has a sustainable and environmentally friendly approach to the housing market, we adapt original buildings and create much needed quality housing for local communities.

Ultimately, why build new, when you can revive what already exists!"

Prices start at £205,000 for a two-bedroom apartment or £300,000 for a three-bedroom home. To find out more and book a viewing, contact selling agent Your Move on 01634 829 491 or **sovereigngate@your-move.co.uk**. Find out more about Annington on **www.annington.co.uk**.
